# Laporan Revenue Iklan

Fungsi: untuk membuat Laporan atas Penjualan Iklan. Laporan ini dapat di-export ke dalam format Excel.

The screenshot displays the 'Invoicing' module of the RISE Radio Broadcasting Integrated System. The interface includes a navigation bar with roles like Administrator, Program Director, and others. The main area shows a table of invoices with columns for No., Perusahaan / Biro, No Order, Kategori, Versi, Nama AE, Order Mulai, Order Selesai, Status, Tgl Akhir Versi, Harga, No Kuitansi, Tgl Kuitansi, Potongan/PPH, PPN, and Nilai Tagihan. A date filter is set to '01-03-2015 s.d 31-03-2015'. A red box highlights the 'Export XLSX' button. Below the table, a red-bordered inset shows the Excel file 'list\_invoice\_20150318055846.xlsx' open in Microsoft Excel. The Excel file contains the same data as the table in the RISE system, with the first three rows of data visible.
